Break

11:15 – 11:45 am

Interactive Session

In a structured framework, attendees will discuss the content and implications of the previous sessions, along with their reactions. The insights and recommendations from this activity will be captured in graphic murals and in a summary document that SOCI will provide to conference attendees.

Facilitators: *Stewards of Change Institute Team*

11:45 – 12:45 pm

Lunch and Affinity Table Discussions

12:45 – 1:45 pm

Case Studies: Using Data to Fuel Progress

Presenters will discuss how they have used data and information-sharing to better understand and address specific issues and challenges to improve policies, programs and outcomes for children, families and communities. The intent is to provide insights and practical means by which other attendees can utilize or adapt these experiences to improve processes and results in their own realms/organizations.

Michael Wilkening, Undersecretary, California Health and Human Services Agency

Lori Turk-Bicakci, PhD, Senior Manager, Lucile Packard Foundation for Children's Health

Regan Foust, PhD, Director, Strategic Partnerships; Research Scientist, Children's Data Network

Moderator: *Amy Max, MPH, Senior Public Health Analyst, Public Health Institute*

Shaping Best Practices: Learning from Success

David Nee led the Discovery Initiative, sponsored by private philanthropy in partnership with the State of Connecticut and local government, to ensure that children of all races and income levels were ready for school by age 5 and successful learners by age 9. In this presentation, he shares the lessons learned and the factors that were critical to the project's success.

David Nee, Former Executive Director, Graustein Memorial Fund

Bringing it Home: Tools, Knowledge and Approaches You Can Use

Speakers will explore transferable data sources, tools, practical applications and ideas. This panel will build on the Case Studies exercise by explaining specific strategies, tactics and tools that have worked for them, again with the goal of enabling attendees to adapt or incorporate these experiences to improve processes and outcomes in their own realms/organizations.

Maribel Marin, Executive Director, 211 LA County

Chris Kelleher, Program Director, Center for Evidence-based Policy, Oregon Health & Science University

Lilian Coral, MPP, Chief Data Officer, City of Los Angeles

Cheryl Miles, State and Local Government, MarkLogic

Moderator: *Emily Putnam-Hornstein, PhD, Associate Professor, USC Suzanne Dworak-Peck School of Social Work; Director, Children's Data Network*

3:45 – 4:45 pm

Interactive Session: Planning for Change

Attendees will review the graphic panels around the room (which will be created throughout the day), then map out realistic, achievable next steps. This exercise will incorporate content from presenters, perspectives about the impact of the new administration and, at the bottom line, participants' own views of what concrete activities, additional conversations and other actions can be taken to continue and accelerate progress.

Facilitators: *Stewards of Change Institute Team*

4:45 – 5:00 pm

Review and Wrap-up

5:00 – 7:00 pm

Reception

Stewards of Change Institute is dedicated to improving outcomes for children and families through better use of open data, information-sharing and interoperability across the array of sectors that impact their lives. For over a dozen years, we have provided thought leadership, research, consulting and conferences to accomplish our mission – including two statewide and two regional Open DataFests in California.
